TONI-AREAL

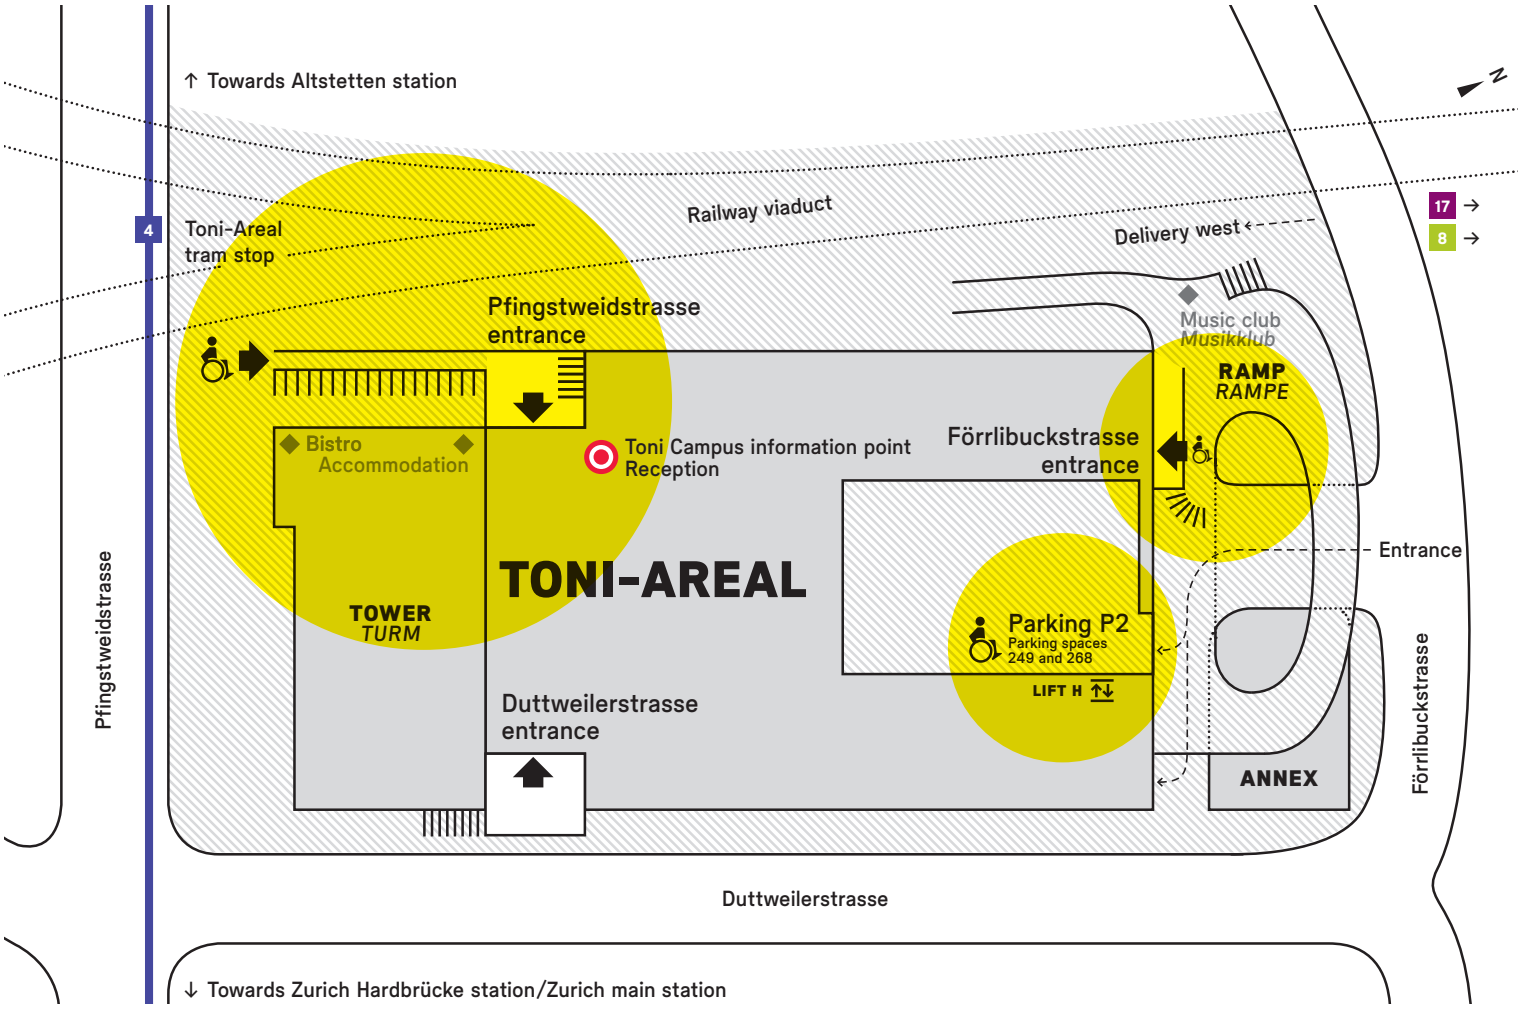
Barrier-free orientation

Welcome to the university campus Toni-Areal – barrier-free

The Toni Campus has evolved from a former dairy plant into a centre for culture, education, science and community. The spacious and modern campus plays host to ZHdK, Zurich University of the Arts, as well as the Applied Psychology and Social Work departments of ZHAW, Zurich University of Applied Sciences.

The campus would like to offer visitors, students and staff the most accessible environment possible.

Various improvements to accessibility have been made with regard to mobility and visibility and are constantly being extended. Here we have put together the most important information about the building for people with visual and hearing impairments and limited mobility.



TONI-AREAL
Barrier-free orientation

For people with visual impairments

Getting here by public transport
Tram line 4 to the Toni-Areal stop
